Engagement strategies for each group

- **The Key Players:** Weekly- Meetings
- **Keep Satisfied:** Bi Weekly Progress Meetings
- **Keep Informed:** Monthly Meetings
- **Monitor:** Monthly Reports

Stakeholders' communication plan

Doctors & Administrative Staff (Key Players): Weekly touchpoints to support real-time clinical flow, resource allocation, and schedule adjustments.

IT Staff (Keep Satisfied): Bi-weekly technical check-ins on HIS uptime, ticket escalations, and system maintenance cycles.

Patients (Keep Informed): Routine notifications and surveys to reduce uncertainty around wait times, appointment changes, and follow-up clarity.

Nurses (Monitor): Monthly operational summaries with ad-hoc updates during shift realignments or resource changes.
